

64.7% of respondents have a child enrolled in school.

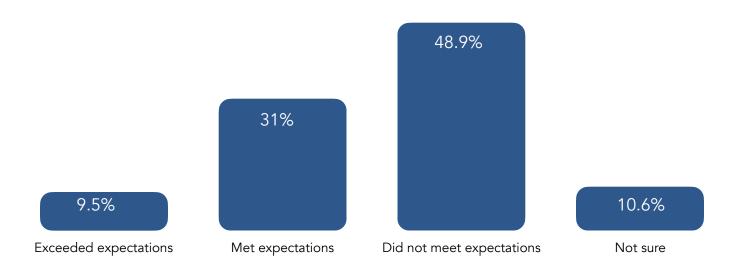

Are any of your children involved in special education, have an individualized education plan (IEP), English as a Second Language (ESL) or other enrichment programs?

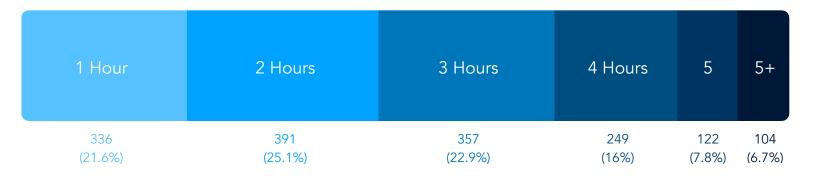

Feelings Towards Reopening

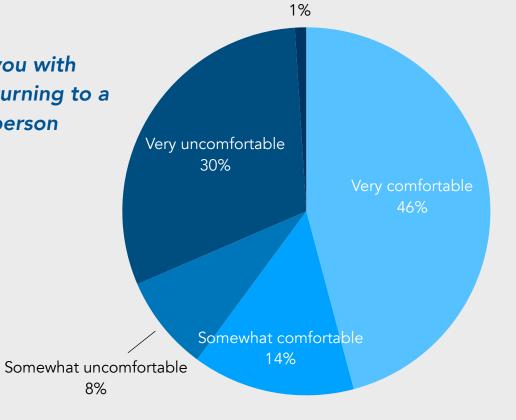

What have been the general impacts to your children while they were out of school in the spring?

On an average day since schools have closed, how long do your children spend on distance learning while at home?

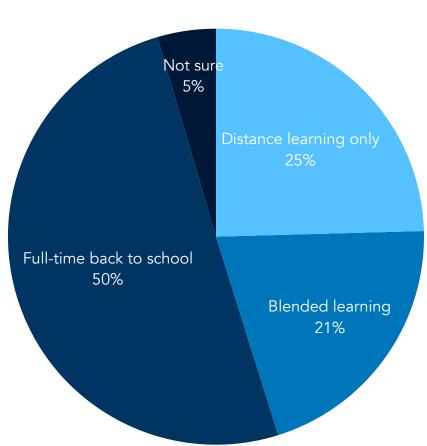

How comfortable are you with children potentially returning to a school building for in-person learning this fall?

Not Sure

Understanding that Governor
Newsom unilaterally required all
schools in monitored counties to
pursue a distance learning
model for the foreseeable
future, would you prefer that
your child continue distance/
remote learning for the rest of
the year or blended learning in
which half the student
population alternates between
attending in-person schooling
and the other half is engaged in
distance learning?
